

Configuring Your Gift Card

STEP 1: You will receive an email that a gift card has been purchased.

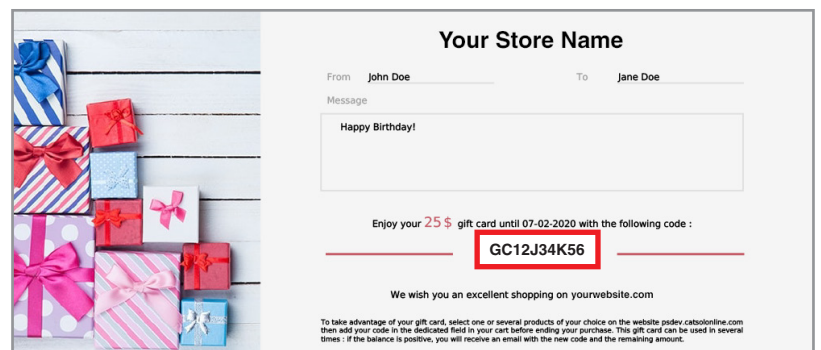

STEP 2: Once the payment has been processed by the merchant, you will receive an email to configure the gift card. Log-in to your account, and click on **“My Gift Cards”** to configure card.

STEP 3: In the next screen, click on **“Configure”**. To configure the card, fill in the necessary information and add a personal message. Then choose to **“Send by mail”** to be emailed later or now, or you can choose to **“Download PDF”** to print or email the PDF yourself. Click **“Save”** to take action.

STEP 4: The recipient will receive the gift card in their email, or can be given a printout if the you selected the PDF option and print the PDF. The **“gift card number”** is included between the red lines.

STEP 5: The gift card recipient enters the **“gift card number”** at checkout in the **“promo code box”** and the gift card amount is applied towards the order total.
